Attached is a list of active sites during Weston Year 10 (6/22/15 – 06/21/15) based on MPRs from June 2015. As in the case of DYNAMAC, if there are sites of yours that are missing or sites that need to be deleted from this list, please let me know. I will amend the lists accordingly and you can complete your forms accordingly.

Because of the volume, I've arranged these for you individually to make it a little easier. Will asks that you send the completed evaluations to him and cc. me by COB Friday, 08/05. Additionally, please be fairly elaborative in your narratives – at least two sentences.

Thank you.
